

The One call Now Alert System

The Maplewood School district is pleased to announce that we will be implementing One Call Now Text Messaging in addition to our Voice Alerts that you have been receiving. The One Call Alert system, allows us to keep parents informed of any emergencies, school events, and other announcements.

The staff at Maplewood have always been committed to the safety and security of our students. The One Call Now text notification system is a valuable and welcome addition to our overall school safety program.

Texts from One Call Now will begin with “A Message from Superintendent Nicholas”. Caller ID will show (330) 637-7506 if the call originates from the board office. Texts from a school buildings will show the school’s phone number on Caller ID.

In order for this system to function with the most updated contact information, parents will need to verify the accuracy of their contact information. We must have updated phone numbers in our Grade Book software for One Call Now to work effectively and efficiently. We urge parents to verify their contact information with your child’s school building Secretary should you need to add or remove phone numbers.

How to Opt-Out of Text Messaging

If you would like to stop receiving text messages, you can opt-out by texting the word Stop to 22300 from your cell phone. Text messages will be disabled to your number. (You can opt-in again at any time by texting Alert to 22300.) If you choose to Opt-out of text messaging, you will continue to receive voice phone calls to your cell phone.
