Section I: General Information

ATTENDANCE

The educational program offered by Maplewood Local School District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session or during the attendance sessions to which s/he has been assigned.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a written statement or phone log of the cause for such absence. The Board of Education reserves the right to verify such statements and to investigate the cause of each single absence or prolonged absence.

Tardiness to School: Tardiness to school is charged to any student who is not in their classroom by 8:50 am or arrives at school by 9:35am.

The Board considers the following factors to be reasonable excuses for time missed at school:

- A. personal illness (a written physician's statement verifying the illness may be required)
- B. appointment with a health care provider
- C. illness in the family necessitating the presence of the child
- D. quarantine of the home
- E. death in the family
- F. necessary work at home due to absence or incapacity of parent(s)/guardian(s)
- G. observation or celebration of a bona fide religious holiday
- H. out-of-state travel (up to a maximum twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a District-approved enrichment or extracurricular activity

Any classroom assignment missed due to the absence shall be completed by the student.

If the student will be absent for twenty-four (24) or more consecutive hours when the student's school is open for instruction, a classroom teacher shall accompany the student during the travel period to provide the student with instructional assistance.

- I. such good cause as may be acceptable to the Superintendent
- J. medically necessary leave for a pregnant student in accordance with Policy 5751
- K. service as a precinct officer at a primary, special or general election in accordance with the program set forth in Policy 5725
- L. college visitation

The District requires verification of the date and time of the visitation by the college, university, or technical college.

- M. absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status
- N. absences due to a student being homeless

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that s/he reports to such staff member s/he is assigned for guidance at the place in which s/he is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

The Superintendent may excuse a student over fourteen (14) years of age from attendance at school for a future limited period for the purpose of performing essential work directly or exclusively for his/her parents or guardians. Such excuse should not exceed five (5) days and may at the discretion of the Superintendent be renewed for five (5) additional days. At no time, however, shall such an excuse cause a student to be absent from school for a period of more than ten (10) consecutive days.

At the discretion of the Superintendent, a student may be excused for a longer period of time than ten (10) days if a child's parent or guardian has recently died or become totally or partially incapacitated and there is no older brother or sister living in the home who is out of school. (The Superintendent may request a certificate of a physician attesting to the physical condition of the parent or guardian.)

Attendance shall be taken at the beginning of every block/period in buildings with block/period-based scheduling. Absences from a class block/period shall be accounted for to the nearest full hour.

Attendance shall be taken at the commencement of the school day in buildings with non-period-based schedules. Attendance for students arriving late or leaving early must be tracked and recorded to the nearest full hour.

Contacting the Parent/Guardian of an Absent Student

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee for each school building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each school day by a method designated by the Superintendent in accordance with Ohio law (see AG 5200).

Excessive Absences

When a student of compulsory school age is absent from school with combined nonmedical excused absences and unexcused absences in excess of thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year, that student is considered "excessively absent" from school. The District or school shall notify the child's parent or guardian of the child's absences, in writing, within seven (7) school days after the date of the absence that triggered the notice requirement. At the same time written notice is given, any appropriate intervention action listed herein may be taken.

The following "medical excuses" will not count toward a student's excessive absence hours: (1) personal illness; (2) illness in the family necessitating the presence of the child; (3) quarantine of the home; (4) health care provider appointments (doctor, dentist, mental health provider, etc.); (5) medically-necessary leave for a pregnant student in accordance with Policy 5751; (6) death in the family; or (7) other set of circumstances the Superintendent deems on a case-by-case basis to be a good and sufficient cause for medical absence from school.

A medically excused absence occurs any time a student is out of school due to illness or medical visit (physician, dentist, mental health, etc.). A medical excuse for personal illness will be accepted in the form of doctor's note within three (3) school days of the absence or parent call-in on the day of the absence due to illness or doctor's visit. This policy will be extended beyond ten (10) if the student or someone in the student's family is in quarantine due to recognized pandemic/epidemic (e.g., COVID-19) or experiencing symptoms of the pandemic/epidemic.

Habitually Truant

A student will be considered habitually truant if the student is of compulsory school age and absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or for seventy-two (72) or more hours in one (1) school year.

Absence Intervention Team

To the extent required by law as determined on an annual basis, within ten (10) days of a student becoming habitually truant, the Principal shall assign the student to an absence intervention team.

Within fourteen (14) school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention plan shall vary based on the individual needs of the student, but the plan shall state that the attendance officer shall file a complaint not later than sixty-one (61) days after the date the plan was implemented, if the child has refused to participate in, or failed to make satisfactory progress on, the intervention plan. Within seven (7) school days after the development of the plan, reasonable efforts shall be made to provide the student's parent/guardian/custodian, with written notice of the plan.

Each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's building, another representative from the child's building who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, or social worker.

The members of the absence intervention team shall be selected within seven (7) school days of the student meeting the habitually truant threshold. Within the same period of seven (7) school days, the Principal shall make at least three meaningful, good faith attempts to secure the participation of the student's parent/guardian/custodian, guardian ad litem, or temporary custodian on that team. A good faith attempt to secure the participation of the parent shall include, but not be limited to, contacting (or attempting to contact) the parent by telephone, email, or regular mail. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the Principal shall inform the parent of the parent's right to appear by designee. If seven (7) school days elapse and the student's parent/guardian/custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the attendance officer shall investigate whether the failure to respond triggers mandatory abuse or neglect reporting to the public children services agency. At the same time, the absence intervention team shall continue to develop an intervention plan for the child notwithstanding the absence of the child's parent/guardian/custodian, guardian ad litem, or temporary custodian.

CALLING OFF STUDENTS

Parents/guardians are asked to call the elementary school office: 330-924-2431, early on each day of the child's absence to report and verify their knowledge of the absence. If the call-off is prior to school hours or the secretary is unavailable an automated service is available to record the message.

BIRTHDAY TREATS

Maplewood Elementary parents may provide an individually wrapped, store purchased birthday treats for the class on a student's birthday if they wish. Please check with your child's teacher and make arrangements with them. Invitations for private parties may be distributed at school if the following provisions are met: invitations are provided for all girls, all boys, or the entire class.

CAFETERIA

FEES

The Maplewood Board of Education has adopted the following workbook fee schedule:

Kindergarten	\$20.00
First and Second Grade	\$40.00
Third Grade	\$36.00
Fourth Grade	\$32.00
Fifth Grade	\$24.00
Sixth Grade	\$32.00

Those students who qualify for the free and reduced lunch program may apply through the Treasurer's Office for exemption. Students who enter or leave during the school year will have these fees prorated based on participation for any part of a quarter. All student obligations must be paid in full prior to the issuing of the final report card.

HOMEWORK POLICY

Homework is an assignment that requires additional time to complete outside the allotted class time. Homework shall consist of specific, clear, and concise assignments for a particular subject.

Homework shall consist of:

1. Special assignment for individual help
2. Reinforcement of a skill
3. Enrichment of a skill
4. Advanced preparation for a lesson

The following guidelines are suggested for each grade level.

Grade 1	15 minutes (with possible adult supervision)
Grade 2	20 minutes (with possible adult supervision)
Grade 3	25 minutes
Grade 4-6	30-60 minutes

The time factors listed above are a reasonable amount of time for the average student for all subject assignments combined. Special requirements in terms of time can be arranged to meet individual differences and/or special needs. Failure to complete homework assignments may result in the loss of certain privileges, recess time, or in habitual cases, a morning detention may be assigned.

HONOR AND MERIT ROLL

Those students in the fourth-sixth grade who achieve academic success each grading period are honored by being named to the honor or merit roll. Students with a GPA of 3.0-3.499 for a grading period are named to the Merit Roll; those with a GPA for the grading period of 3.5-4.0 are named to the Honor Roll.

INDIVIDUALS WITH DISABILITIES

The Americans With Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual shall be discriminated against on the basis of a disability. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

Students in need of special education services are placed through an established evaluation procedure. Parent involvement in this procedure is important and required by Federal (IDEA) and State Law. Inquiries regarding evaluation procedures and programs should be directed to the building principal.

INSURANCE

In the event of an accident or injury the Maplewood Local School District carries no student accident insurance. Maplewood does, however, provide information for those wishing to purchase student accident insurance. This information is available on the school website.

PARENT/TEACHER CONFERENCES

Parent conferences are welcomed at any time. We ask that, if at all possible, special conferences with the teachers be scheduled at 3:30 and/or at the teacher's preparation time. Two days have been scheduled for Parents and Teachers to meet and discuss student progress. For the 2023-2024 school year, conferences are scheduled for October 12th and February 15th from 3:30 p.m. to 8:30 p.m.

PROMOTION POLICIES

A student is **promoted** to the next grade level when he/she has demonstrated successful completion of the academic standards in the content areas of reading/language arts and mathematics.

A student may be **retained** in their current grade level when he/she has failed to demonstrate proficiency in reading/ language arts and mathematics. A student may also be retained for failure to achieve instructional objectives set forth at the current grade level that are requisite for success at the succeeding grade level.

P.T.O.

The Maplewood Elementary Parent Teacher Organization is an organization whose goals are to further the welfare of our school, Maplewood School District and the community, The P.T.O. plans activities throughout the year. These activities are school programs, after school activities, and/or out of school activities

RECESS

We feel that it is important for children to get physical activity outdoors in the fresh air on a daily basis. Kindergarten through Grade 4 children will go outside, weather permitting. Children will remain indoors on rainy days and when the temperature or the wind chill factor dips below 20°.

REPORT CARDS AND STUDENT EVALUATION

Report cards are issued at Maplewood Schools four times a year or every nine week grading period. Progress reports are issued midway through each grading period. Parent/teacher conferences are held in October and again in February.

Children are evaluated using the following criteria:

1. Participation
2. Completion of assignment with care to accuracy and neatness
3. Completion of assignment on time

4. Attentiveness in class
5. Good use of study time
6. Good attendance
7. Cooperation with all teachers in all areas

Grades issued in academic subjects are A, B, C, D, and F. Subjects that involve a student's talent are graded O, S, and U, and are graded mainly on participation, completion of assignments, and cooperation. We do not penalize a student for lack of talent, thus we do not grade these areas in the same means as the academic. If your child is doing the best he/she can, it is good work for him/her even though in comparison to another student it may be of less quality to one who is not doing his best.

CALAMITY DAYS / SCHOOL CLOSURE

When the weather becomes severe enough that school may be closed, parents will be notified through the **One Call Now** automated phone service. Local radio and television stations will continue to be notified of all cancellations. Announcements, if at all possible, will be made by 7:00 a.m. On occasion, emergency situations have caused our school to close early during the day. It is the parent's responsibility to make alternative arrangements, if no one is home when the bus arrives. If there is absolutely nowhere to go, the bus driver will return them to school. Please discuss emergency procedures with your child(ren).

STANDARDIZED TESTING

The standardized testing program in the Maplewood Local School District is designed to help teachers understand a child's needs and provide assistance to the child. Through various types of ability tests and achievement tests, children reveal their interests, aptitudes, and abilities in such a way that teachers may help them more effectively.

Students will be evaluated yearly in the following areas:

Kindergarten- Kindergarten Readiness Assessment

First Grade- CogAT-Cognitive Abilities Test

Second Grade-Iowa Assessments

Third Grade- Ohio State Assessments in language arts and mathematics

Fourth Grade- Ohio State Assessments in language arts and mathematics

Fifth Grade- Ohio State Assessments in language arts and mathematics, and science.

Sixth Grade- Ohio State Assessments in language arts and mathematics, CogAT & Iowa Assessments

VACATION POLICY

In recognition of the law concerning attendance, parents and the Maplewood Local Schools have a responsibility to provide a learning experience for children. Students must fulfill their learning responsibility as outlined by the law and district policy.

In the interest of uniformity and fairness, the Maplewood Local School District does recognize that from time to time families must take vacations during the school year, and that a standard procedure is necessary for this occasion.

Therefore, the following procedures shall be implemented:

1. A request for absences, stating the specific number of days and dates, must be submitted by the parents, at least two (2) weeks in advance, to the building principal for approval.
2. Make-up work will be required. Students are to make up all tests, written/reading homework assignments, and/or major projects.
3. Responsibility for assignments shall rest upon the students/parents. The teachers will attempt to prepare work ahead of time whenever possible. Students shall obtain from the teacher(s) those additional assignments upon return to school.

VALUABLES

Students are encouraged **not** to bring items of value to school. Items such as jewelry, large sums of money, expensive clothing, electronic equipment and similar items are tempting targets for theft. The Maplewood Local School District cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

Section II: Medical Information

CONTROL OF COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, Covid-19 and other conditions indicated by the Local and State Health Departments.

Any removal will only be for the contagious period as specified in the District's administrative guidelines and or the Trumbull County Health Department.

DISTRIBUTION OF MEDICATION

The Maplewood Board of Education encourages that, to the extent possible, the parents administer medication to students outside of school hours. However, when this is not possible, the Maplewood Board of Education authorizes its school employees to administer the prescribed medication in accordance with the Ohio Revised Code 3313.713 and over-the-counter medication as requested by the parent.

Before any medication may be administered to a student during school hours, the Board shall require completion of the appropriate authorization forms (Parental Request for Administration of Medication, Parental Request for Administration of Over-the-Counter Medication, or Authorization for Asthma Medication).

ALL PHYSICIANS PRESCRIBED MEDICATION

All medication must be delivered to the school by the parent or guardian in its original container, labeled with the following information: the date, the name of the student, the name of the medication, the dosage, the frequency and time it is to be taken, the physician's name, any special handling/storage instructions, possible side effects, and the pharmacy name and telephone number. The information on the container label must match the information on the Medication Authorization Form exactly.

The parent shall submit a revised Medication Authorization form, signed by the physician, in the event of changes in any of the original information. All requests shall be honored until the termination date on the form or until the end of the school year. A new form must be submitted at the beginning of each school year.

Parents are responsible for maintaining adequate amounts of the child's medication and replacing it prior to its expiration date. Any unused medication unclaimed by the parent, will be disposed of within three school days of its discontinuation.

The parent is responsible to instruct the student to report to the designated area to take the medication at the appropriate time. It is the student's responsibility to report to the designated area at the time the medication is to be administered, and to take the medication.

PHYSICIAN PRESCRIBED ASTHMA MEDICATION

In addition to the aforementioned "All Physician Prescribed Medication", the student is required to report the need of the emergency medication to the nearest adult supervisor, prior to its use, use the medication

in the presence of the supervising adult, and report use of the medication to the school health specialist or authorized employee after its use.

OVER THE COUNTER MEDICATION

Parents may request that over the counter medication be administered to the student after completing the appropriate authorization form. Parents are responsible for delivery of the medication to the school in its original container, clearly labeled with the student's name and classroom teacher's name.

INFORMATION PERTINENT TO ALL MEDICATION

Medication that is brought to the clinic/office will be registered and properly secured. The school is responsible for providing for the safe and timely administration of medication during school hours and its subsequent documentation. The principal, secretary, and nurse are the only employees authorized to dispense medications to students.

The District, or any of its personnel, shall not be responsible for any side effects of the administration of medication. Moreover, under Ohio law, no person authorized to administer medication shall be held liable for administration, improper administration, or failure to administer medication, unless the person acted in a manner that constitutes gross negligence or wanton reckless conduct.

IMMUNIZATIONS

Each student is required to have on file in the school office proof that they have had the immunizations required by law or have an authorized waiver. If the student does not provide such proof or waiver the principal may prohibit the student from school until such time as the appropriate documentation is provided. Immunizations are for the health and safety of all students in accordance with state law. Any questions concerning immunizations or waiver should be directed to the School Nurse. Unless given a waiver, students must meet the following requirements:

Section III: Student Conduct

BASIC RIGHTS AND RESPONSIBILITIES

The right to an education and the associated privileges are guaranteed to all students irrespective of race, religion, creed, sex or national origin. The Ohio General Assembly and the courts have made it very clear that each student has the responsibility to act in such a way as not to interfere with the rights of others to this educational opportunity, and that a student may forfeit his/her rights when his/her conduct is such that it disrupts the educational process and deprives others of their rights.

Section 3313.20 of the Ohio Revised Code authorizes Boards of Education to make rules and regulations that are necessary for maintaining order in its school. This Code of Conduct details reasonable, just and necessary regulations for maintaining order in our schools, and the processes of enforcement available to school administrators.

Every member of the school community, including students and school staff, have the responsibility to promote regular attendance at school, orderly conduct and behavior, freedom from fear of insult and injury, and maximum opportunities for learning on the part of the student. As such, no student shall interrupt the process of education within the school.

DUE PROCESS

Students have the right to due process procedures in matters of suspension and expulsion. Due process provides:

- *Written notice to the student of the intention to suspend and the reason(s) for suspension.

- *An opportunity to appear at an informal hearing and challenge the suspension before a school administrator.

- *Within one day after the suspension, the student's parents, the treasurer of the board and the superintendent will be notified of the suspension. This notice will contain the reason(s) for the suspension and inform the parents of their right to appeal to the Board, and their right to be represented at the hearing.

ZERO TOLERANCE

The Maplewood Local School District has adopted a policy of "zero tolerance". No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated

What follows is information concerning the Student Code of Conduct. This information is designed to provide students and parents/guardians with an overview of the regulations and procedures governing disciplinary action at Maplewood Elementary School. In some instances (generally where confusion or misunderstanding is most likely) specificity and/or definitions have been provided. Much of the information is more general in nature or cites behaviors without explanation. It remains impractical, if not impossible, to list every conceivable action that may result in school discipline. Any action or behavior judged by school officials to be inappropriate in a school setting and not specifically mentioned in other sections shall be in violation of the Student Code of Conduct. A complete copy of the Maplewood Board of Education Policies may be found on the school website.

The administration reserves the right to use its discretion in enforcing the rules and consequences. Due to a broad range of behaviors, mitigating circumstances, and a sincere desire to modify misbehavior rather than simply punishing by assigning predetermined consequences, the administration will use its discretion as it deems appropriate. It is our desire to provide discipline (positive and corrective) rather than punishment (negative and punitive).

Extracurricular, co-curricular and athletic activities have rules and regulations in addition to those listed here. Violation of school rules or of those rules particular to a particular activity may result in loss of participation as well as school discipline.

There is an important distinction to be made in matters of discipline in regard to the terms “equal” and “fair”. As a rule, we will endeavor to provide “fair”, firm and appropriate discipline rather than the “same” discipline for every student in every situation. Among others, factors such as the circumstances surrounding the incident or infraction, whether the rule(s) violated are considered major or minor, the frequency of violations and the cooperation and attitude of the student may be considered. We will make every reasonable effort to keep the parent/guardian informed whenever possible of serious or repeated infractions.

Violation of the more serious rules, repeated violations of the items included in the Code of Conduct or flagrant disregard of school rules will result in suspension. Individuals who violate the most serious rules, who habitually violate the policies or show flagrant disregard of school policies are subject to expulsion. In some situations criminal charges may be filed. Both suspension and expulsion may carry from one school term or school year to the next.

Suspension from school means that a student has been removed from all school related activities – curricular, extracurricular, co-curricular and athletic for a period of 1 – 10 school days. During the length of the suspension the student may not be on any school premises unless brought in by the parent/guardian for counseling or conference. Suspensions are issued by the building administration or district superintendent.

Expulsion is assigned by the superintendent for a period of up to 80 days; the 80 days may be in addition to a maximum of 10 days of suspension. In the most serious case (i.e. weapons) state law mandates an expulsion of one (1) calendar year.

Students may be disciplined for misconduct engaged in away from school property if the misconduct is related to activities occurring on school property or related to school activities. The Code of Conduct is in full effect on all field trips, while on school transportation, and at any athletic, extracurricular or co-curricular activity or event. Students are subject to school discipline for misconduct directed at school employees or their property, regardless of where the misconduct occurs.

Any student wearing, carrying or displaying gang/hate group paraphernalia or exhibiting behavior or gestures which symbolize gang/hate group membership or causing and/or participating in activities which intimidate or affect the attendance of another student will be subject to school discipline.

HARASSMENT

Every individual deserves to be able to come to school without fear of demeaning remarks or actions. The harassment of other students, members of the staff, or any other individuals is prohibited. This includes any speech or action that creates a hostile, intimidating, or offensive environment.

ANTI-HARASSMENT, ANTI-INTIMIDATION OR ANTI-BULLYING

As Per Ohio Legislative House Bill 276, the Ohio State Board of Education ANTI-HARASSMENT, ANTI-INTIMIDATION OR ANTI-BULLYING Model Policy, and this School District's Board of Education Policy.

The Maplewood Local Board of Education and the Ohio State Board of Education have adopted anti-harassment and anti-bullying policies to make absolutely sure that our schools provide a physically safe and emotionally secure environment for all students and all school personnel. Our school district Board, administrators and teachers will do everything possible to enhance/create positive learning and teaching environments that emphasize and recognize positive behaviors and to evoke nonviolence, cooperation, teamwork, understanding and acceptance toward all students and staff in our schools and at school activities and events. It is the policy of the Board of Education that any form of bullying behavior, whether in the classroom, on school property, to and from school or at school-sponsored events, is expressly forbidden. A school district employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with a policy if that person reports an incident of harassment, intimidation or bullying promptly in good faith and in compliance with the procedures specified in the policy. Students who have been determined to have engaged in prohibited behaviors are subject to disciplinary action, which may include suspension or expulsion from school.

CONDUCT THAT IS NOT ACCEPTABLE:

Harassment, intimidation or bullying can include many different behaviors including overt intent to ridicule, humiliate or intimidate another student or school personnel. Examples of conduct that could constitute prohibited behaviors include:

- Physical violence and/or attacks;
- Threats, taunts and intimidation through words and/or gestures;
- Extortion, damage or stealing of money and/or possessions;
- Exclusion from the peer group or spreading rumors; and,
- Covert acts to intimidate, harass or embarrass
- Repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other Web-based/online sites (also known as “cyber bullying”), such as the following:
 - Posting slurs on Websites where students congregate or on Web logs (personal online journals or diaries);
 - Sending abusive or threatening instant messages;
 - Using camera phones to take embarrassing photographs of students and posting them online; and,
 - Using Web sites to circulate gossip and rumors to other students;
 - Excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

Formal Complaints

Students and/or their parents or guardians may file reports regarding suspected harassment, intimidation or bullying. Such written reports shall be reasonably specific including the person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review and action in accordance with Section 6.

Informal Complaints

Students, parents or guardians and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such informal complaints shall be reasonably specific as to the actions giving rise to the suspicion of harassment, intimidation and/or bullying, including the person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s), and the names of any potential student or staff witness.

A school staff member or administrator who receives an informal complaint shall promptly document the complaint in writing, including the above information. This written report by the school staff member and/or administrator shall be promptly forwarded to the building principal for review and action.

Anonymous Complaints

Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous

complaints shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation and/or bullying.

Remedial Actions/Disciplinary Actions

Verified acts of harassment, intimidation, or bullying shall result in an intervention by the building principal or his/her designee that is intended to ensure that the prohibition against harassment, intimidation or bullying behavior is enforced, with the goal that any such prohibited behavior will cease.

Such prohibited behaviors whether and to what extent to impose disciplinary action (detention, out-of-school suspension; or expulsion) is a matter for the professional discretion of the building principal.

Reporting of Criminal Misconduct Obligations

Allegations of criminal misconduct will be reported to law enforcement, and suspected child abuse must be reported to Child Protective Services, per required timelines. Our school district will also investigate for the purpose of determining whether there has been a violation of District Policy or Procedure, even if law enforcement or CPS is also investigating. All School District personnel must cooperate with investigations by outside agencies.

The public display of affection (i.e. hugging, kissing or touching of a romantic nature) is considered inappropriate conduct and shall not be exhibited in school buildings, on school grounds or at school sponsored events.

SCHOOL ASSEMBLIES

Behavior that is rude, disruptive or disrespectful to any speaker or performer is prohibited. Talking, horseplay or any activity that distracts from the assembly is strictly prohibited. Any student violating this rule will be removed from the assembly and will be prohibited from attending all assemblies and extracurricular events for the remainder of the school year.

SEARCH AND SEIZURE

The search of a student and his/her possessions, including but not limited to, vehicles, book bags, and purses may be conducted at any time the student is under the jurisdiction of the Maplewood Board of Education if there is reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted with or without the student's consent. A witness will be present except in an emergency as determined by the school official.

Anything that is found in the course of the search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. Lockers, desks and similar equipment are the property of the school and subject to search. Locks are for the prevention of theft, not to prevent a search.

TOBACCO PRODUCTS/SMOKING

It is illegal in the State of Ohio for individuals under the age of 18 to possess tobacco products. The use or possession of tobacco products in any form by students on or near school property, including school buses, and at school sponsored events, regardless of location, is prohibited.

For purposes of this policy, *"use of tobacco"* means to chew or maintain any substance containing tobacco, including smokeless tobacco, in the mouth to derive the effects of tobacco, as well as all uses of tobacco, including cigars, cigarettes, pipe tobacco, chewing tobacco, snuff, any other matter or substances that contain tobacco, in addition to papers used to roll cigarettes and/or the smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes and any other lighted smoking devices for burning tobacco or any other substance.

The possession of tobacco or smoke residue and odor will be considered sufficient evidence of its use. Possession of any tobacco or smoking paraphernalia including, but not limited to, matches, lighters and papers will be in violation of the smoking policy. Smokeless tobacco will be treated in the same manner as a smoking violation.

VANDALISM

Any willful act or malicious abuse, destruction, defacing or theft of school property will not be tolerated. Perpetrators of vandalism will be subject to suspension, full restitution and possible legal action.

Students involved in vandalism will not be permitted to participate or attend any extracurricular activities for one calendar year from the date of the infraction.

CRITERIA FOR CORRECTIVE ACTION

CELL PHONES/ELECTRONIC DEVICES

All buildings in the district have advanced security/communication systems in place in the event of an emergency and coaches/advisors carry cell phones during extra-curricular activities. Due to the fact that many cell phones contain cameras and other technology that may interfere with the privacy of other students and staff, student policy is in place to impede such privacy issues. The Board of Education has an established “No Cell Phone” policy on school property, and compliance is expected; however, there may be an occasion/situation when the use of a cell phone by a student after school hours is necessary – in this case, cell phones must be kept “off” and out of site in the student’s locker at all times during the school day until needed for the after school activity. If there is a concern of theft, a combination lock may be brought in by the student. The combination must be given to the homeroom teacher/principal in the event access becomes necessary.

If a student is found to have a cell phone or electronic device on school property, which may in certain situations include the bus, and it is not being used in accordance with the above policy, the device will be

confiscated and the parent, guardian will be contacted to pick the device up. A second offense will constitute parent/guardian contact and the administration of a Saturday School.

Section IV: Transportation

Maplewood Local Schools provide bus transportation for all students. Buses are scheduled to arrive at the Elementary School by 8:40. Bus arrival at individual homes will vary and depend on road and weather conditions as well as distance from school. Drivers will be as consistent as possible. To make the daily trip as short as possible, students should be ready to board the bus five minutes before the usual pick up time. Students should be waiting at a distance of 20 to 30 feet back from the road until the bus comes to a complete stop.

BUS REGULATIONS

The Maplewood School District provides transportation to students within the district free of charge. Riding the school bus is a privilege and a convenience. The following regulations are intended to ensure the safety and welfare of the students, the driver and others on the road, and to ensure the safety and proper maintenance of school buses. The failure to follow these regulations may result in the suspension or revocation of the privilege of transportation by school bus.

- *Must wear a mask.
 - *Be careful in approaching bus stops – walk on the left, toward traffic; be sure the road is clear both ways before crossing the highway.
 - *Be on time for the bus in order to permit the bus to maintain the time schedule.
 - * Sit in the assigned seat. The bus driver has a duty to assign a student a seat in the bus and to expect reasonable conduct in a manner similar to that of a classroom teacher.
 - *Reach the assigned seat in the bus without crowding or disturbing other students.
 - *Remain seated while the bus is moving.
 - *Obey the driver promptly and cheerfully; realize that the driver has an important responsibility and it is everyone's duty to help.
 - *Keep the bus clean and sanitary. No gum chewing, candy, pop or any other food item may be eaten on the bus at any time.
 - *Do not engage in loud behavior.
 - *Keep hands, arms and head inside the bus at all times.
 - *No throwing of items or horseplay of any kind is permitted.
 - *Be courteous to fellow students and the driver.
 - *Treat bus equipment appropriately. Damage to seats and other parts is unnecessary and costly.
 - * Remain seated until the bus stops to unload; wait for the signal from the bus driver, and then cross the road in front of the bus.
 - *All disciplinary regulations of the school are in effect while on a school bus.
- Students will ride **only assigned school buses** and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason.

PICKING UP CHILDREN

The following procedures are for the safety of our students. When picking up or dropping off students, parents should park on the east side of the building. A note is required in the morning indicating that your child

will be picked up during the day. The note should state the time to be picked up and who, if other than a parent, will be picking up the child. Parents/designated adults, picking up children during school hours, must report to the office. Children will be called to the office by school personnel. In the case of an emergency occurring during the day, the residential parent must call school to make arrangements to have the child picked up.

Parents picking up their child at the end of the day will stand and wait at the designated doors. Parents must not congregate at dismissal. These doors will be opened at 3:15 pm so parents may enter/exit directly to/from the parking area.

Section V: Other Issues

VIDEO SURVEILLANCE POLICY

A video security system will be used to maintain the health, welfare, and safety of students, staff, and visitors while on the school district's property. The behavior of individuals who come onto school property is a significant factor in maintaining order and discipline and in protecting students, staff, visitors, and school district property.

The Maplewood Local School District's building and grounds are equipped with video recording cameras which operate 24 hours/7 days per week.

Video recording cameras are not used in areas where there is an expectation of privacy such as bathrooms and locker rooms.

Videotapes will be reviewed by school personnel on a random basis and/or when problems have been brought to the attention of the school district. A video tape will be released only in conformance with Ohio State, Local, or Federal Laws.

MORNING DETENTION

The child will be given two copies of the detention assignment form to take home and give to the parent. One copy will be signed and returned.

Detentions will be served on Thursday morning from 8:00 a.m. to 8:30 a.m. Parents are responsible for the transportation of their child to school. Any student arriving for a detention after 8:00 will be considered late and the detention will be rescheduled for the following week. Missed detentions will be rescheduled for the following week (one time only). Missed detentions may result in suspension and/or other disciplinary action.

Detention is intended for the student whose name is on the detention form, therefore siblings **can not** be brought to school before 8:30 a.m. The detention room is room 127 which is on the first floor. Students must enter through the office doors and will be met by a detention supervisor.
